

Maxime Ronot

Maxime Ronot, MD, PhD, is professor at the Université de Paris, and works in the Department of Medical Imaging at the Beaujon University Hospital in Clichy, France.

His main interests are in abdominal imaging—mainly liver and pancreas diseases and tumors—, interventional abdominal oncology, and abdominal vascular diseases.

Prof. Ronot is a member of several French and European societies of radiology, including the French and European Societies of Radiology, and the European Society of Gastrointestinal and Abdominal Radiology (ESGAR), and is a member of the LI-RADS steering committee.

He has authored or co-authored more than 250 articles and books. He serves as president of the French national ethics committee for medical imaging research.
